In such case, if the Consultant continues to adhere to its decision with regard to the above mentioned substitution and the Owner's representative refuses to approve a change order for the same, if necessary, Consultant may seek alternative dispute resolution of the issue as provided herein by mediation if the same will not substantially protract the time necessary for the completion of the rendition of services.

No services shall be delayed or postponed pending resolution of any dispute or disagreement except as otherwise permitted in accordance with these general conditions or as agreed to in writing with the Owner.
- J) Consultant agrees to indemnify and hold harmless Owner and its officials, officers, Directors and employees to the fullest extent permitted by law from and against claims, costs, losses and damages (including reasonable legal fees and charges of other professional and all other dispute resolution costs) caused by or arising out of or resulting from the performance of the services rendered by Consultant incident to this Services Agreement provided that any such claim, cost, loss or damage is attributable to the negligent act, error or omission of the Consultant, subcontractor or supplier; provided, comparative negligence shall be taken into account in measuring Consultant's liability for damages hereunder.

V. OWNER'S RESPONSIBILITIES

- A) The Owner shall not supervise, direct or have control or authority over nor be responsible for Consultant's means, methods, techniques, or procedures of rendering services or for the safety precautions and programs incident thereto or for any failure of the Consultant to comply with laws and regulations applicable to the furnishing of performance of the services contracted for by this Services Agreement. Proposal for Professional Architectural & Engineering Services Security Upgrades to Entrances at GAWA Water Treatment Plant and Alma Wastewater Treatment Plant

Fishbeck is pleased to provide this proposal to the City of Alma (City) and the Gratiot Area Water Authority (GAWA) for professional services in connection with security upgrades at the entrances of both buildings. This is a comprehensive letter proposal that combines the original scope of work from April 2023 and the additional service request from June 2023. We proceeded with the work based on verbal approval and, as of this date, the design work is substantially complete. We plan to have the bid set ready to issue next week.

Original Statement of Understanding

Fishbeck understands that the City and GAWA wish to study measures that can be taken at the entrances of both the GAWA Water Treatment Plant, located at 200 North Lincoln Avenue in Alma, MI, and the Alma Wastewater Treatment Plant, located at 1000 Washington Avenue in Alma, MI, to discourage/prevent forced entry. For the purposes of pricing, these measures may include safety films for glazing, door replacement with access control, glazing replacement with cladding, or other alternatives.

Original Scope of Services

Documentation Phase

Based on City and GAWA approved design direction (design services covered in separate proposal), Fishbeck will first visit the sites to verify existing conditions and take measurements. We will then prepare complete construction drawings and project specifications for the security improvements at both buildings. Construction Documents will include:

1. Partial Floor Plan, including electrical/power plan for access control.
2. Building Entry Elevations.
3. Sections and Details, as required.
4. Door Schedule and Details.
5. Specifications (may be on drawing sheets or in specification booklet, per Architect's preference).

Bidding Phase

Fishbeck will provide the following services during the bidding process:

1. Together with the City of Alma and GAWA, prepare front end documents and coordinate bidding.

2. Make digital pdf drawings and specifications available to the City and GAWA for bidding purposes.
3. Answer Requests for Information (RFIs) during bidding.
4. Issue addenda and clarifications, as required.
5. Attend pre-bid conference.
6. Review bids and provide bid tab.
7. Recommend a contractor.

Construction Administration Phase

During construction, Fishbeck will provide construction administration services for the items within our scope. The following services will be included during this phase of the project:

1. Observe the construction for conformance with the construction documents, attending up to two progress meetings in person.
2. Review submittals and shop drawings.
3. Review and approve applications for payment, if requested.
4. Issue bulletins and change orders, as required.
5. Respond to RFIs/questions.
6. Conduct a final inspection and prepare the punch list.
7. Assist the City/GAWA in final closeout of the project.

Added Scope of Services

The original scope of work was to replace or improve the security at both building main entrances. At the time, the focus was to discourage or prevent forced entry. The approved design direction included a layer of AR plate in the solid walls, applying a film at the existing windows, and no additional security at the entrance doors. Access control (electrified door hardware for card reader) was included for two doors.

The current scope has expanded to include a much more robust level of security to resist firearm use at the windows and doors, replacing additional exterior and interior doors with access control (electrified hardware), and adding exterior bollards to resist car intrusion. The detailed list of changes from the original scope is as follows:

1. More robust level of security to resist firearm use (UL 752, Level 5) at windows and doors, which is a change from the approved design direction, requiring additional research, specifications, and details.
2. Replacing ten additional doors, including access control (electrified hardware) and more extensive coordination with your preferred security company. This change requires more extensive drawings and specifications, and an additional site visit to verify existing electrical panels and routing to each door location at each building.
 - a. Water Treatment Plant: Added one exterior double door, three exterior single doors, and three interior single doors.
 - b. Wastewater Treatment Plant: Added one exterior single door and two interior single doors.
3. Adding exterior bollards to resist car intrusion at the Alma Wastewater Treatment Plant, which requires additional drawing and specifications.

To complete this added scope, we have added electrical engineers to our team, and they will provide their own drawings and specifications. They made a separate site visit to investigate panel locations over the summer.

Professional Services Fees

This is a comprehensive fee summary for both the original and added scope of work. Fishbeck proposes a lump sum fee of Twenty Thousand Seven Hundred Dollars (\$20,700), plus reimbursable expenses. The estimated breakdown by task is as follows:

Phase	Original Scope	Added Scope	Subtotal
Documentation Phase	\$ 12,700	\$ 18,883	\$ 31,583
Bidding Phase	\$ 2,900	\$ 562	\$ 3,462
Construction Administration Phase	\$ 5,100	\$ 1,781	\$ 6,881
Reimbursable Expenses (estimated)	\$ 500	\$ 0	\$ 500
Total	\$ 21,200	\$ 21,226	\$ 42,426

We understand that the professional services fees will be divided equally between the City of Alma and the Gratiot Area Water Authority, which means each organization will be responsible for \$21,213.

Assumptions & Exclusions

- Drawings and photos have already been made available to Fishbeck for both buildings.
- We assume the project will be bid in a single package with each building's cost separated, since the contracts will be with separate entities. Both projects will be awarded to the same contractor.
- We assume the City/GAWA will contract separately with security provider for access control. Fishbeck will interface with designated vendor for electrical coordination.
- We assume the City/GAWA will handle any required permitting independently.

The following services are outside the scope of this proposal, but can be provided, if needed, for additional cost:

- Hazardous Materials Investigations.
- Civil Engineering Services.
- Structural Engineering Services.
- Mechanical and Plumbing Engineering Services.

Authorization

Attached is our Professional Services Agreement. 1. **METHOD OF AUTHORIZATION.** Client may authorize Fishbeck to proceed with work either by signing a Professional Services Agreement or by issuance of an acknowledgment, confirmation, purchase order, or other communication. Regardless of the method used, these Terms and Conditions shall prevail as the basis of Client's authorization to Fishbeck. Any Client document or communication in addition to or in conflict with these Terms and Conditions is rejected.
2. **CLIENT RESPONSIBILITIES.** Client shall provide all criteria and full information as to requirements for the Project and designate in writing a person with authority to act on Client's behalf on all matters concerning the Project. If Fishbeck's services under this Agreement do not include full-time construction observation or review of Contractor's performance, Client shall assume responsibility for interpretation of contract documents and for construction observation, and shall waive all claims against Fishbeck that may be in any way connected thereto.
3. **HOURLY BILLING RATES.** Unless stipulated otherwise, Client shall compensate Fishbeck at hourly billing rates in effect when services are provided by Fishbeck employees of various classifications.
4. **REIMBURSABLE EXPENSES.** Those costs incurred on or directly for Client's Project. Reimbursement shall be at Fishbeck's current rate for mileage for service vehicles and automobiles, special equipment, and copying, printing, and binding. Reimbursement for commercial transportation, meals, lodging, special fees, licenses, permits, insurances, etc., and outside technical or professional services shall be on the basis of actual charges plus 10 percent.
5. **OPINIONS OF COST.** Any opinions of probable construction cost and/or total project cost provided by Fishbeck will be on a basis of experience and judgment, but since it has no control over market conditions or bidding procedures, Fishbeck cannot warrant that bids or ultimate construction or total project costs will not vary from such estimates.
6. **PROFESSIONAL STANDARDS; WARRANTY.** The standard of care for services performed or furnished by Fishbeck will be the care and skill ordinarily used by members of Fishbeck's profession practicing under similar circumstances at the same time and in the same locality. Fishbeck makes no warranties, express or implied, under this Agreement or otherwise, in connection with Fishbeck's services.
7. **TERMINATION.** Either Client or Fishbeck may terminate this Agreement by giving ten days' written notice to the other party. In such event, Client shall pay Fishbeck in full for all work previously authorized and performed prior to the effective date of termination, plus (at the discretion of Fishbeck) a termination charge to cover finalization work necessary to bring ongoing work to a logical conclusion. Such charge shall not exceed 30 percent of all charges previously incurred. Upon receipt of such payment, Fishbeck will return to Client all documents and information which are the property of Client.
8. **SUBCONTRACTORS.** Fishbeck may engage subcontractors on behalf of Client to perform any portion of the services to be provided by Fishbeck hereunder.
9. **PAYMENT TO FISHBECK.** Invoices will be issued every four weeks, payable upon receipt, unless otherwise agreed. Interest of 1 percent per four-week period will be payable on all amounts not paid within 28 days from date of invoice, payment thereafter to be applied first to accrued interest and then to the principal unpaid amount. Any attorney's fees or other costs incurred in collecting any delinquent amount shall be paid by Client.

Client agrees to pay on a current basis, in addition to any proposal or contract fee understandings, all taxes including, but not limited to, sales taxes on services or related expenses which may be imposed on Fishbeck by any governmental entity.

If Client directs Fishbeck to invoice another, Fishbeck will do so, but Client agrees to be ultimately responsible for Fishbeck's compensation until Client provides Fishbeck with that third party's written acceptance of all terms of this Agreement and until Fishbeck agrees to the substitution.

In addition to any other remedies Fishbeck may have, Fishbeck shall have the absolute right to cease performing any basic or additional services in the event payment has not been made on a current basis.

10. **HAZARDOUS WASTE.** Fishbeck has neither created nor contributed to the creation or existence of any hazardous, radioactive, toxic, irritant, pollutant, or otherwise dangerous substance or condition at any site, and its compensation hereunder is in no way commensurate with the potential risk of injury or loss that may be caused by exposure to such substances or conditions. Fishbeck shall not be responsible for any alleged contamination, whether such contamination occurred in the past, is occurring presently, or will occur in the future, and the performance of services hereunder does not imply risk-sharing on the part of Fishbeck.
11. **LIMITATION OF LIABILITY.** To the fullest extent permitted by law, Fishbeck's total liability to Client for any cause or combination of causes, which arise out of claims based upon professional liability errors or omissions, whether based upon contract, warranty, negligence, strict liability, or otherwise is, in the aggregate, limited to the greater of \$250,000 or the amount of the fee earned under this Agreement.

To the fullest extent permitted by law, Fishbeck's total liability to Client for any cause or combination of causes, which arise out of claims for which Fishbeck is covered by insurance other than professional liability errors and omissions, whether based upon contract, warranty, negligence, strict liability, or otherwise is, in the aggregate, limited to the total insurance proceeds paid on behalf of or to Fishbeck by Fishbeck's insurers in settlement or satisfaction of Client's claims under the terms and conditions of Fishbeck's insurance policies applicable thereto.

Higher limits of liability may be considered upon Client's written request, prior to commencement of services, and agreement to pay an additional fee.

12. **DELEGATED DESIGN.** Client recognizes and holds Fishbeck harmless for the performance of certain components of the Project which are traditionally specified to be designed by the Contractor.
13. **INSURANCE.** Client shall cause Fishbeck and Fishbeck’s consultants, employees, and agents to be listed as additional insureds on all commercial general liability and property insurance policies carried by Client which are applicable to the Project. Client shall also provide workers’ compensation insurance for Client’s employees. Client agrees to have their insurers endorse these insurance policies to reflect that, in the event of payment of any loss or damages, subrogation rights under this Agreement are hereby waived by the insurer with respect to claims against Fishbeck.

Upon request, Client and Fishbeck shall each deliver to the other certificates of insurance evidencing their coverages.

Client shall require Contractor to purchase and maintain commercial general liability and other insurance as specified in the contract documents and to cause Fishbeck and Fishbeck’s consultants, employees, and agents to be listed as additional insureds with respect to such liability and other insurance purchased and maintained by Contractor for the Project. Contractor must agree to have their insurers endorse these insurance policies to reflect that, in the event of payment of any loss or damages, subrogation rights under this Agreement are hereby waived by the insurer with respect to claims against Fishbeck.
14. **INDEMNIFICATION.** Fishbeck will defend, indemnify, and hold Client harmless from any claim, liability, or defense cost for injury or loss sustained by any party from exposures to the extent caused by Fishbeck’s negligence or willful misconduct. Client agrees to defend, indemnify, and hold Fishbeck harmless from any claim, liability, or defense cost for injury or loss sustained by any party from exposures allegedly caused by Fishbeck’s performance of services hereunder, except for injury or loss to the extent caused by the negligence or willful misconduct of Fishbeck. These indemnities are subject to specific limitations provided for in this Agreement.
15. **CONSEQUENTIAL DAMAGES.** Client and Fishbeck waive consequential damages for claims, disputes, or other matters in question relating to this Agreement including, but not limited to, loss of business.
16. **LEGAL EXPENSES.** If either Client or Fishbeck makes a claim against the other as to issues arising out of the performance of this Agreement, the prevailing party will be entitled to recover its reasonable expenses of litigation, including reasonable attorney’s fees. If Fishbeck brings a lawsuit against Client to collect invoiced fees and expenses, Client agrees to pay Fishbeck’s reasonable collection expenses including attorney fees.
17. **OWNERSHIP OF WORK PRODUCT.** Fishbeck shall remain the owner of all drawings, reports, and other material provided to Client, whether in hard copy or electronic media form. Client shall be authorized to use the copies provided by Fishbeck only in connection with the Project. Any other use or reuse by Client or others for any purpose whatsoever shall be at Client’s risk and full legal responsibility, without liability to Fishbeck. Client shall defend, indemnify, and hold harmless Fishbeck from all claims, damages, losses, and expenses, including attorney’s fees arising out of or resulting therefrom.
18. **ELECTRONIC MEDIA.** Data, reports, drawings, specifications, and other material and deliverables may be transmitted to Client in either hard copy, digital, or both formats. If transmitted electronically, and a discrepancy or conflict with the electronically transmitted version occurs, the hard copy in Fishbeck’s files used to create the digital version shall govern. If a hard copy does not exist, the version of the material or document residing on Fishbeck’s computer network shall govern. Fishbeck cannot guarantee the longevity of any material transmitted electronically nor can Fishbeck guarantee the ability of the Client to open and use the digital versions of the documents in the future.
19. **GENERAL CONSIDERATIONS.** Client and Fishbeck each are hereby bound and the partners, successors, executors, administrators, and legal representatives of Client and Fishbeck are hereby bound to the other party to this Agreement and to the partners, successors, executors, administrators, and legal representatives (and said assigns) of such other party, in respect of all covenants, agreements, and obligations of this Agreement.

Neither Client nor Fishbeck shall assign this Agreement without the written consent of the other.

Neither Client nor Fishbeck will have any liability for nonperformance caused in whole or in part by causes beyond Fishbeck’s reasonable control. Such causes include, but are not limited to, Acts of God, civil unrest and war, labor unrest and strikes, acts of authorities, and events that could not be reasonably anticipated.

This Agreement shall be governed by the law of the principal place of business of Fishbeck.

This Agreement constitutes the entire agreement between Client and Fishbeck and supersedes all prior written or oral understandings. This Agreement may only be amended, supplemented, modified, or canceled by a duly executed written instrument.
